WELCOME!

We here at the Traditionalist American Knights have put together an info packet that will discuss and show you a few things about who we are, the causes and purposes that we stand to protect and will without question fight to preserve.

Those few things, along with a few other bits of info, will hopefully open your eyes to the Traditional Ways of the Ku Klux Klan, not the B.S. you hear from your media and others that get their confidence and ratings from defacing the truth.

Very carefully read and understand this packet before throwing it away or filling out an application for this great order.

If you don't agree with our values and ideals then please pass this info packet on to someone who will appreciate our great cause and stand with us in our fight today to save your future tomorrow!

Contact us anytime for more info and see if you can become a part of this great order!

WHO ARE THE TRADITIONALIST AMERICAN KNIGHTS OF THE KU KLUX KLAN?

First and foremost we are a law-abiding, non-violent Christian Organization fighting to preserve and protect our White Race, Bill of Rights, and our Constitution ***as originally written, against all enemies, both foreign and domestic.***

We are a ***very traditional*** 2nd era-styled Klan, therefore ***we do not believe in or practice*** socialism, nazism, paganism or any other ***non-American beliefs***. To each his own, but that does not mean we have to follow their non-Christian beliefs or those who practice them. We hold our values to a very high standard and will not tolerate any deviance from those ideals!

We are ***not a hate group*** as some want you to believe and think! Just because we stand for saving our White American Heritage does not mean we are out here causing a ruckus. For one, that would make things worse, and two, we are more about putting laws into effect and enforcing them, not breaking them. This isn't a war that can be fought on the streets. It's way past that point. We must fight to win back ***our rights and freedoms as American citizens!***

We are bound and determined to clean up the "bad name" that the media and government have given the Ku Klux Klan and the incorrect way they have portrayed us. We must show the people of our land the ***true*** facts that they cover up with "their version of the story".

WHY? WHY? WHY?

Why do we "light" the cross? As Scripture says in John 1:4-5, "In him (Christ) was life; and the life was the light of men. And the light shineth in darkness; and the darkness comprehended it not."

The light of the cross symbolizes the Light of Christ dispelling darkness and ignorance. It is the fire of the cross that reminds us of the cleansing "fire" of Christ that cleanses evil from our land.

The "lighted" cross is a symbol of freedom from sin, tyranny and the freedom to have freedom. Christ is the light of the world!!! Take a look around at some of your local churches and notice how many use the "fiery cross" as their symbol. It's a way to show our declaration of Jesus Christ and our Christian beliefs.

Why do we wear our robes and hoods? The reason is because we are following (and will continue to follow) the traditions and rituals that our forefathers intended for us to go by.

The original meaning of the robe and hood come from ancient rituals meaning fraternal brotherhood and anonymity in doing good works. Some have to conceal their faces due to their jobs or fear of intimidation by outsiders.

OUR BELIEFS ON CHRISTIANITY

The Bible is the basis of our Constitution, the foundation of our government, the source of our laws, the sheet anchor of our liberties, the most practical guide of right living, and the source of all true wisdom. We teach the worship of God, "...for Thee, oh Lord, we worship!"

We honor the Christ as the Klansman's only criterion of character. We seek at His Hands that cleansing from sin and impurity which only He can give.

We believe that the highest expression of life is in service and in sacrifice for that which is *right*. Selfishness can have *no place* in a *true* Klansman's life and character; he must be moved by unselfish motives such as those that characterized our Lord the Christ and moved Him to the highest service and the supreme sacrifice for that which was right.

We believe the tenets of true Christianity, which is essentially Protestant. We maintain and contend that it is the inalienable right of Protestants to have their own distinctive organization. We can say to the world without apology, and say truly, that our forefathers founded this as a Protestant country and that it is our purpose to re-establish it as such. While we will energetically maintain and proclaim the principles of religious liberty as essential to the life and progress of this nation, we will vigorously oppose all efforts to rob the American people of this right. We will absolutely **NOT** use our good name as an intimidation tool towards anyone, no matter what religion, race, color or creed!!!

WHITE SUPREMACY

WE MUST KEEP THIS A WHITE MAN'S COUNTRY. ONLY BY DOING THIS CAN WE BE FAITHFUL TO THE FOUNDATIONS LAID BY OUR FOREFATHERS.

This Republic was established *by White Men*. It was established *for White Men*. Our forefathers never intended that it should fall into the hands of an inferior race.

Every effort to wrest from White Men the management of its affairs, in order to transfer it to the control of blacks or any other color, or to permit them to share in its control, is an invasion of our sacred constitutional prerogatives and a violation of divinely established laws. Every effort to wrest from the White Man the control of this country must be resisted. No person of the White Race can submit to such efforts without shame. One of the sad facts in American political life is the readiness of so many politicians to sell their noble White birth for a mess of black pottage. They would betray their race in order to win a few black votes.

We would not rob the colored population of their rights, but we demand that they respect the rights of the White Race in whose country they are permitted to reside. When it comes to the point that they can not and will not recognize and respect those rights, they must be reminded that this is a White Man's country, so that they will seek for themselves a country more agreeable to their tastes and aspirations.

Purity of the White blood must be maintained. One of the crying evils of the times is the mixture of White blood with that of negro and other mongrel races. This evil has gone on since colonial days until perhaps more than half of the negroes in the United States have some degree of White blood flowing in

their veins. This condition is not only biologically disastrous but is giving rise to grave social problems. Mulatto leaders who, under present social conditions, are forced to remain members of the negro group and who aspire to White association because of their White blood, are boldly preaching racial equality in all of its phases. The guilt for this state of affairs rests upon those members of the White Race who for a moment of sexual pleasure have betrayed their own kind and betrayed their own blood. It has become necessary to devise some means for the preservation of the White blood in its purity, because despite prohibitive laws, racial intermixture is continuing and the problem of mixed blood is becoming more and more acute.

OUR PATRIOTIC BELIEFS

We take our stand upon the Declaration of Independence as the basis of popular government. This document denies the dogma of despots, that kings rule by divine right. It asserts that governments derive their just powers from the consent of the governed. It solemnly affirms the right of the American people to govern themselves as a free and independent nation - independent of all outside sovereignty and control.

We believe in upholding the Constitution of the United States. This document re-emphasizes to practice the precepts of the Declaration and must be recognized as the supreme law of the land. It guarantees that liberty which must be cherished as the precious heritage of the American people. It establishes the freedom of institutions dear to the American heart. It guarantees religious liberty, freedom of speech and of press, and all the rights that pertain to the people who constitute this nation. It depicts ideals and defines institutions that must be made real and kept secure. The Traditionalist American Knights are sworn by a solemn oath to uphold and defend this immortal Constitution.

We believe and teach that the citizen's first and highest allegiance is to the government of the United States. No other government, potentate or person of any kind shall share in this allegiance. We maintain that a divided allegiance means no allegiance. There can be no half American, and any sort of hyphen absolutely makes impossible any kind of loyalty to the American government, its ideals, and institutions.

We stand for the American Flag against enemies without and within. We emphasize devotion to the flag of our country as the ensign of our American nationality and the emblem of our national honor. A man stands wholly for the Stars and Stripes or else to him his country's flag is only a dirty rag. We insist that ***no flag shall fly above our flag***, and that ***no flag shall float by its side!!!***

OUR CITIZENSHIP IDEALS

Development of the highest standard of citizenship. We ourselves must come to know what it means to be citizens of the foremost nation in all the earth. We need to have knowledge of the privileges and responsibilities and glories of our citizenship. And we need to be under the necessity of exercising our citizenship intelligently. We must learn and practice these things in order that we may teach them to others.

Rightful use of the ballot. Thank God, the day of partisan politics is past. There was a time when parties stood for great principles, but today the difference between them is that of "tweedledum and tweedledee". One of the parties must be induced to champion great fundamental American principles that will hasten

the development of our country, or else a new party must come into being. As the matter now stands we must cast our ballots for the right as it is most nearly represented and championed by men regardless of party.

We stand for the enforcement of law by the regularly constituted authorities. This order does not take the law into its own hands and will not tolerate acts of lawlessness on the part of its members. Any man of any color or creed who charges the Ku Klux Klan with being an organization which fosters and perpetrates acts of lawlessness and deeds of violence is either willfully blind or is a malicious, slandering, lying fool who, because of some inborn prejudice, seeks to destroy an organization that is law-abiding, and that demands the enforcement of laws by those who have been duly elected to office.

We are within our rights as American citizens when we demand of men who are put in office of trust that they shall faithfully perform the duties of their offices. It is quite evident that those who oppose us on this principle do not want the laws of our country enforced, and are seeking to cover their anarchistic spirit by impugning our motives and imputing criminality to us.

THIS IS AN ALL-WHITE, NATIVE-BORN, GENTILE AMERICAN ORGANIZATION!

This is a White man's organization, exalting the Caucasian Race and teaching the doctrine of White Supremacy. This does not mean that we are enemies of the colored and mongrel races, but it does mean that we are organized to establish the solidarity and to realize the mission of the White Race. All of Christian civilization depends upon the preservation and upbuilding of the White Race, and it is the mission of the Ku Klux Klan to proclaim this doctrine until the White Race shall come into its own.

This is a gentile organization, and as such has as its mission the interpretation of the highest ideals of the White, gentile peoples. We sing no hymns of hate against the Jew. He is interested in his own things and we are exercising the same privilege of banding our own kind together in order that we may realize the highest and best possibilities for ourselves.

This is an American organization, and we do restrict membership to native-born American citizens. The records show that recently, at least, the aliens who have been flooding our land have come into this country, not because of any love for America, but because of intolerable or unfavorable conditions in the land they left behind.

They come into this country, not that they may contribute in any way to its growth and development, but that they may find opportunity to advance themselves and serve their own interests. They are here to serve the interests of the land in which they make their homes and seek their fortunes. They come to obey the mandates of governments of which they are still the subjects, even to the extent of endeavoring to break down the government under which they find protection while seeking their nefarious ends. In their hearts there is the tie that still binds them to their old homeland; to them it is still the Fatherland. What pleasure would they find or what service could they render in this organization which is distinctively an American-American organization?! We have organized to engender a real spirit of true Americanism - that Americanism which is a system based on a principle of utter antagonism to monarchism, whether represented by emperor, king, potentate or pope!

WE MUST PROTECT OUR LAND AND ITS BORDERS!

We stand to preserve our White American Citizen's heritage and culture, and we stand to preserve our American Land from destruction by **all** domestic traitors and foreign foes!

None shall be allowed to circumvent the influence and hinder the progress of American institutions on this continent. This includes the welfare and development of the public school system. To those who seek to undermine or destroy this American institution, we say, "Hands off!" We will defend this institution against every enemy, whether it be political or ecclesiastical.

We stand to protect our American borders from any and all illegal invaders. we must close down the borders and do it fast before any more of the illegal invader's unjustifiable corruption can take place on **our** soil, the Homeland we call the United States of America! Every day there is hundreds if not thousands of these illegals fleeing to our country to escape their countries' police and governmental systems. They seek nothing but to hide and and they cause corruption in our country.

The ones that aren't causing trouble are sending our American money back to their families and empires so when their time is up here they can go back and live like kings and queens! How many Americans can work a few years and then retire? **None!** If you listen to your government and media (which is funded by our government) they'll have you believe that the illegal invaders are helping our economy. They allow them to be free from having to pay taxes in our land, be free from the justice of their lands and even our own American land, so it's an open invitation for them to come here and bring their unruly ways along with them!

We are suffering enough here in America without having to support another country and its people that want to cause harm to our "Free Land". They have nothing but chaos and terror to offer to the people of our great and glorious land!

OUR AMERICAN SCHOOL SYSTEM

We firmly believe that **every** parent should have the choice and right of sending their children to either all White, black or integrated schools.

We must enforce the "old school" methods of teaching our children about our future! This modern day way is destroying the entire population, bit by bit. Kids are being taught on (and by) a computer. How in the world is a child supposed to learn how to sign their name if they don't know how to write with a pen or pencil?! You type in a number or an equation, and boom, you have an answer, but what happens when the system shuts down and they have to resort to actually working out the problem? They're lost!

We strongly uphold the allowing of voluntary prayer and the posting of the Ten Commandments in our schools. It is part of all Americans' history, no matter how they try to cover it up! Nobody has to look at it but it should be there so the children know and are able to practice their beliefs as all religions of all races and countries do.

It's our right to choose how we bring up our kids, not the government's! We are the ones that provide for the needs of our children, not the government (at least that's how it should be) so why should the government be allowed to decide what and where our kids learn?

If we were allowed to choose which schools our children attended then there would be a lot of positive changes as a result. When you put children in an unstable environment they are not going to learn near as much as they would if they were in a comfortable setting. If they could go to school without fear of being "outnumbered", jumped, harrassed or intimidated because of their race, religion, what kind of

clothes they were or how much money they have, they could then concentrate on their school work instead of worrying about the next outburst in class or fight on the bus.
